## About BizRate.com - Store Rankings

We rate e-business.

Enter store name

Find A Store

If you wanted to identify the best store from which to buy, how would you decide? You could visit one store after another. You could even stop in a few and browse around. But after all that, you've spent a lot of time and still may be undecided. In the end, the best way to decide would be to ask people who have brought at these stores before you. There is no substitute for experience – that is the foundation of our ratings at BizRate.com.

BizRate.com rates e-businesses in the best way possible – by asking tens of thousands of consumers to tell us about their actual shopping experiences each day. We accomplish this by inviting every purchasing customer at participating online stores to take part in a survey, immediately after buying, to give us feedback on their experience. We then follow up after the expected order delivery date to see if the delivery arrived on time and met expeditions. To see a demonstration of how the surveys work, click here.

## What do you think of this online store?

Please take a moment to fill out our independent survey about your online shopping experience.

You could win up to \$5,000\times instantly.

bizrate.com We rate e-business.

The BizRate.com survey asks consumers to rate the performance of the online store from where they just made their purchase on the BizRate.com. Ten Dimensions of Service. This information is then compiled and appears in the online store's Performance Report.

- Product Representation Product description or depiction versus what was actually received
- . Level & Quality of Customer Support Status updates and Handling of complaint or question
- . Posted Privacy Policies Efforts to inform you of policies
- Product Shipping & Handling Appropriateness & condition of packaging your delivery

In order to provide the most complete listing of online stores possible, we also include stores that don't participate in the BizRate.com program. This is how we distinguish among them.

## Customer Certified Ratings (gold stars)

Customer Certified online stores have performance ratings presented as gold stars. They have agreed to allow BizRate.com to continuously survey every customer who makes a purchase on their Web site.

bizrate.com

## Member Ratings (silver stars)

Online stores with Member Rated online stores do not participate in the free BizRate.com Customer Certification Program and have ratings presented as silver stars. The evaluation of these online stores has been provided by members of BizRate.com's Online Research Panel of 100,000+ actual online buyers.

## In Process
